

LAUREN BOOTH

Junior Interior Designer

Functional Summary:

Completing University has allowed myself as a designer to develop new skills that can be expanded in industry. Completing numerous project briefs, competitions and team work has allowed myself to push beyond initial concept ideas and use the skills gained to create on trend designs. Completing each design has expanded my knowledge on the design industry and how to push a concept or skill to my full potential. Developing professional skills in Final Year to showcase a project from start to finish, allowed myself to impact society as a designer.

Previous Employment:

Burger King, 2017-Present **Assistant Manager**

I was fast tracked to this role, due to my work rate and ability to do the job to an exceptional standard. My responsibilities for this role include, opening and closing the store, collecting stock deliveries as well as doing stock orders. Inputting large amounts of data on a computer such as staff hours, staff rotas, staff holidays and sold items, weekly figures and daily figures. I also employ new members as well as train up new managers and staff members to push them to their full potential.

Digital Marketing

For this role I was in charge of the social media sites within the business which included: Facebook, Twitter, Instagram, LinkedIn, Ebay and Amazon. My responsibilities included photoshopping images, Setting out exhibition stands, contacting clients, promoting the business to its full potential.
