### INTERESTS + HOBBIES

MUSIC walking art  
EXERCISE NETBALL COOKING  
FAMILY reading PAINTING  
FOOD friends

Although not all of my hobbies are directly related to Interiors, I love to express my creativity in as many ways as possible.

I like to ensure that I challenge myself to develop my skills. An example of this is being the current Vice President of my Netball club of over 60 members.

### PROFILE

The thought of pursuing Interior Design excites me as it provides an opportunity to let my creativity flourish and help design the world around me. I am a hard-working, creative individual who strives to achieve due to ambitious qualities. I am a combination of down to earth yet bubbly so I can confidently work both individually and in a team. I would like to consider myself as 'easily approachable' due to my experience with communicating with others. I am adaptable in the face of a challenge and driven by opportunity to overcome problems. Positivity is an important factor in my life, so I am eager to reflect this when working alongside other employees and clients.
