**CREATIVE DESIGNER.**  
SLIGHTLY BITTER DESIGNS CO.

## HELLO!

Fresh out of University, I am an inspired and innovative creator. I have a multi-disciplinary background, predominantly in interiors and graphic design. I take a keen interest in all aspects of design, and I love sinking my teeth into a new surmounting challenge. With substantial experience in the service industry, and an abundance of knowledge and skill the design World, I am eager to combine my abilities to commit to a full-time design career.

## WORK EXPERIENCE

**VICTORIA'S SECRET:** April 2016 - Present

Starting as a temporary generalist, working my way up to being a bra specialist - I have gained countless work skills and experiences. Although I generally work in the fitting rooms, I have been responsible for conducting interviews, cashwrap lead, heading up deliveries and store recoveries, cashing up the tills and everything in between. My favourite part is working on the night shifts, transforming the whole look of the store in less than 12 hours. Leading a team of people at 4am sounds tedious, but seeing the perfect store at 7 makes it so worth it.

**SLIGHTLY BITTER DESIGNS:** Side Hustlin'

Alongside my part time work and University, I ran an Etsy sticker shop designing bespoke custom stickers and pre-made themed sticker packs. Although I had to close this down when my final year at University hit hard, I learned a lot of new skills - especially about printing and packaging.

**MCDONALD'S:** 2014 - 2016

I worked at McDonald's alongside college, where I attained my initial working skills, such as: how to make coffees at supersonic speed, un-break the flurry machine and take two orders at once in the drive thru, along with many more.
