

## Profile

My name is **Kamila Lemanska**, I am an **energetic**, motivated and **highly creative** final year student of Interior Design, looking for a canvas to implement **passion** for design.

I am currently studying **Interior Design** however I do not feel this is the only direction I am interested in. **Architecture, furniture design, textiles, graphic design**, these are all disciplines that interest me as well. I feel very comfortable with freehand **sketching** as well as detailed drawings of interiors and exteriors. I am **meticulous**, excellent at **juggling multiple tasks** and good at **working under pressure**. You might conclude this after reading my work experience. I have also been *shortlisted as one of the final 6* contestants for the **RDW STUDENT DESIGN AWARDS 2018/19** for COSTA COFFEE.
